To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments, Bangalore.

Sir,

I have the honor to forward herewith letter No.3070 dated the 13th September 1928 addressed to you by the Director, Geological Department soliciting orders of Government for granting a permanent advance of Rs1,000/- for Mineral Survey and prospecting work in addition to the advance of Rs500/- now held by him for his office contingencies. The Director was authorised to draw up to Rs1,000/- on abstract contingent bills in each case out of the grant for "Mineral Survey and prospecting" during the last year (Vide Government Order No.D.7614-5/Geol.71-27-4 dated the 23rd January 1928). In lieu of this procedure the Director wants to have a permanent advance presumably for the reason that a permanent advance is more convenient than the procedure of drawing money on abstract contingent bills with the added inconvenience of getting the sanction renewed every year. Since it is stated that the scheme and provision in the budget have become practically permanent, a permanent advance of Rs500/- may be sanctioned

I have the honor to be,
Sir,
Your most obedient servant,

S. Shamanna

No. 3070 **EARLY.** 13th September 1928

FROM

P. SAMPAT IYENGAR, ESQ,. M.A.,
Director, Mysore Geological Department.

To

N. Rama Rao, Esquire, B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
Development Department.

SIR, (Through the Comptroller, Mysore Government).

Since last year the policy of the Department having been altered and Mineral Survey and prospecting having become a special feature of work of the Department, a sum of Rs.10,000/- is being provided for year after year in the budget for this work. For operating the contingent and other grants the Department is permitted to hold a permanent advance of Rs.500/- and similarly for operating upon the Mineral Survey grant I consider a separate permanent advance is necessary. Inasmuch as the programme of work under Mineral Survey and prospecting will necessitate the starting of active operations of investigation, prospecting, scientific experimenting &c. simultaneously at several centres large sums of money will be required for expenditure and I should think it desirable that I should have a separate permanent advance of Rs.1000/- in this connection. Immediate orders of Government are solicited granting a permanent advance of Rs.1000/- for Mineral Survey and prospecting work in addition to the Rs.500/- advance held for operating on contingent and other grants. I am submitting this application through the Comptroller as required in Article 102(1) of the Mysore Civil Account Code- Vol.I. The matter may kindly be treated urgent.

I have the honour to be,
Sir,
Your most obedient servant,

Sampat Iyengar
Director,
Mysore Geological Department.
